DETAILED ACTION

This communication is responsive to the amendments, response and Request for a Continued Examination (RCE) filed on May 15, 2006. Claims 1-18 are presented for examination.

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 5/15/06 has been entered.

Allowable Subject Matter

2. Claims 1-18, after further consideration and search, are allowed over the prior art.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:
The prior art of record, the Lui et al. (US 20050111014), teaches the process of receiving ink input from a user, rendering the ink and creating a transparent map associated with ink information (see paragraphs 57-59, and 64). However, Lui fails to

Art Unit: 2628

teach a process and system for caching ink information by caching a transparency map that is later combined with foreground information to define one or more attributes of a likeness of the rendered ink and produce a resultant image that includes the likeness of the ink (as recited in independent claims 1 and 6). Further, the prior art fails to also teach a process for displaying ink information by applying foreground information to a transparency map that stores transparency information to define one or more attributes of a likeness of the ink; and combining the transparency map defined by the foreground information with background information to form a resultant image for display (as recited in claims 11 and 14). For the aforementioned reason, the limitations of claims 1-18 of the instant application are allowed over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
